

CAD-CAM Dual Density DieCut Blocks

Technical characteristics & usage advice

The individual pieces are combined to offer a wide choice for the clinical prescription. A higher density gives more control of the foot while lower densities offer increased comfort, making dual and tri density materials an excellent choice for patients with multiple needs.

Features:

- Precision die-cutting
- High-quality materials
- Enhanced efficiency
- Versatile applications

Blank Size Guide:

Blank size	UK size	EU size
Small	3 - 5	36 - 38
Medium	6 - 10	40 - 45
Large	11+	46+

Density	Colour
A25/50	Blue/Green
A50/65	Green/Peach
A30/40/50	Blue/Beige/Green
